FREIGHT WRECK

On the C. and O. Last Night—Marvelous Escape—Considerable Damage

Last night about 10:50 o'clock, as the fourth section of No. 71 C. and O. West bound freight train was pulling into the city, and when a short distance East of Limestone bridge, a broken flange on the wheel of the third car from the rear end derailed as many cars and before the train was brought to a standstill about seven hundred yards of the track and viaduct was torn up in a fearful manner, 100-pound rails snapped like pipe stems and ties rooted out of the ground.

A remarkable circumstance is the fact that the derailed cars passed over two bridges onto the viaduct, escaping being precipitated into Limestone Creek 100 feet below.

While the damage to roadbed is considerable, it is fortunate that not a single person was in the least injured, though the escape may be considered marvelous.

The wrecking train from Covington came up and after eight or ten hours righted things so that trains now pass East over the road.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 89, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Through the courtesy of a friend the Editor of THE PUBLIC LEDGER was admitted to the Queen City Club at Cincinnati Saturday afternoon to see Dr. F. A. Cook. We had the pleasure of meeting Dr. Cook, but we do not know whether or not we saw the discoverer of the North Pole. The public is nearly unanimous in according the honors of the Pole discovery to Cook, and he is the lion of the hour, but—(?) There's the rub. Dr. Cook is a smiling and suave looking gentleman, and looks more like a well-fed and self-satisfied professional man than a swarthy North Pole tourist. Scientist and savants know that Cook must furnish the absolute data and facts before he can be really proclaimed the hero of all Arctic travelers. In the meantime Cook is reaping a golden harvest, and his receipts are said to average over \$4,000 per lecture; besides, he will be paid over \$150,000 for his book of travels and by newspaper syndicates.

Acting Governor Cox pardoned French Clay, aged 77, sentenced to the Penitentiary for four years for robbery committed at Paris.

In Saturday's LEDGER a little, insignificant editorial said: "Are all North Pole liars?" It should have read: "Are all North Pole tourists liars?" So there, now. Cold type many times makes an Editor appear a bigger fool than he really is.

WINCHESTER, Ky., October 9th.—Beginning Monday an active campaign will be pushed by the Burley Tobacco Society for the pledging of the unpoled crops in the Burley District of Kentucky. Monday afternoon at 2 o'clock Miss Alice Lloyd, President Clarence Lebus and Hon. Joel B. Fort will address the tobacco growers of Shelby county at Shelbyville.

Good bargain Dicks Bros. piano at Gerbrich's.

The goosebone prophet can't tell the weather conditions of winter as well as the gooseflesh prophet.

A match appears to be an insignificant little thing, but the match bill of the world amounts to more than \$185,000,000 annually.

Ah, it seems that Cook has the advantage of one Eskimo over Peary. By the way, the Eskimos could have discovered the Pole long ago for themselves if they had any real, live lecture platform instinct.

At \$28 per ton 200,360 tons of steel rails will cost \$5,610,080. These are the figures involved in the 1910 rail requirements of the Pennsylvania, orders for which are ready to be placed. There are other such orders lying about the country and things look pretty rosy for the street rail industry.

At the Burley Loose Leaf Tobacco Warehouse at Lexington Thursday 1,430 pounds of tobacco from the 1909 crop of Osborne & Berry of Fayette county was sold to the American Tobacco Company for an average of \$15.40 per hundred. One basket of the tobacco brought \$17.25 per hundred.

### GOOD ROADS

What Other States Are Doing to Solve One Big Problem

The great State of New York gave \$50,000,000 in bonds at one time to build a system of highways, and pays 5% of the cost of the construction of all roads built.

California pays 100% of the cost of roads. Massachusetts pays the entire cost, but the counties are required to refund one-half the cost with interest at 3% within six years after the road is completed.

Ohio pays 25% of the cost of the construction of roads.

Pennsylvania pays 75% of the cost of the construction of all the roads.

Washington pays 100% in such counties as are too poor to build their own roads.

Rhode Island pays the entire cost of roads.

New Jersey, West Virginia, Missouri and Wisconsin, and, in fact, every State where progress in road building is being made, are liberal in helping the counties in this work of road building, which not only benefits the county, but the whole State.

Our laws permit a county to levy only 50 cents tax on the \$100 of taxable property. The Commonwealth of Kentucky is not limited in the amount of taxes it can levy on each \$100 of taxable property, and today the State taxes of Kentucky are much more in nearly all the counties on each \$100 than the taxes levied by the counties.

A turnpike or gravel road built through any county in this State increases the value of that section of the county at from 20% to 50%. This being the case, would not the State derive as much if not more in a direct financial way by the building of good roads in a county than the county itself would get?

There is work for the next Legislature, as the campaign for good roads is always of vital importance to our homes, our Churches and our schools.

Love, sunshine and common sense, thoroughly mixed in the proper proportion, beat all the patent medicines on the market as a cure-all for the ills of mind and body—and no alcohol is needed as a solvent or preservative. "Children cry for it."

Confessing that he had made and passed counterfeit money, William B. Pettus, a former school teacher of Carter county, was sentenced in the Federal Court at Cincinnati to thirty months at the Leavenworth, Kansas, prison. Pettus told the Court that he began counterfeiting for bread and wanted to get into jail "to keep from starving."

## RIVER INVESTIGATION

### Pollution of Water in the Ohio to Be Stopped

Elliott Kimberly and Philip Burgess of Columbus have been employed by the Ohio River Sanitary Commission to make an investigation of sources of pollution in the Ohio river between Pittsburgh and Cincinnati.

They will begin work at East Liverpool, going from there to Marietta, thence to Parkersburg, Gallipolis, Ironton, Portsmouth, Maysville and on down to the Queen City.

A few weeks ago thousands of fish in the Ohio river were killed by some unknown cause, and this will also be investigated.

Gage marks 31 and falling.

It is probable that the Columbia will be selected for the annual Mardi Gras trip from Pittsburgh to New Orleans the latter part of next February.

The Keystone State is at present undergoing extensive repairs and at the rise of the rivers will go out on her regular trips between Pittsburgh and Cincinnati as a practically new boat.

The repairs on the lower gates of Lock No. 11 on the Big Kanawha river have been commenced, and the pool will be drained for at least ten days before any steamer can go through to Charleston.

Captain J. F. Edgington, who has been Purser on the steamer Chilo in the Cincinnati and Chilo trade for the past two years, has been elected Secretary of the Equity Society Company, with headquarters at Chilo, Ohio.

Uncle Sam is making rapid strides at Lock and Dam No. 26. There are about 300 men employed day and night on this job. It is reported that the coffer dam at Lock and Dam No. 26 is the largest in the world. It takes in the entire Lock and one half of the Dam. There has never before been a coffer dam of this magnitude built.

## MILLIONS UNCLAIMED

In Jewels, Securities and Money Recovered From Messina Ruins.

It is estimated that \$2,000,000 in coin, \$6,000,000 in bonds and other securities and \$1,000,000 worth of jewels, recovered from the ruins of Messina, are still unclaimed.

In addition there is a further deposit of 100 strong boxes and 4,000 sealed packages, known to contain valuables, which have not been opened, representing at least \$4,000,000.

This total of \$13,000,000 does not include the treasures from the Cathedral, Churches and vaults of Banks.

The valuables were simply excavated and were sometimes found clutched in the dead hands of unidentified men and women. The excavations have been commenced again, when the unclaimed deposits will naturally increase.

It is generally impossible for survivors to establish claims to the property, and the State will benefit largely.

## TRUTH TRIUMPHS.

Maysville Citizens Testify for the Public Benefit.

A truthful statement of a Maysville citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, the cure is at hand. Read this:

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

"Doan's Kidney Pills have been used in my family with most beneficial results and it gives me pleasure to corroborate the testimonial we gave in their favor some years ago. Doan's Kidney Pills afforded me great relief from kidney disorders and I have no hesitation in again recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
